ELEMENTI®
PRO
GAS FIRE

COMMERCIAL GAS FIRE FEATURES

Built for Luxury Outdoor Spaces

ELEMENTI PRO

100K BTU

Designed for Luxury Hospitality Projects

Designed for luxury residences, boutique hotels, resorts, clubhouses, and commercial outdoor spaces. The Elementi Pro Series combines higher heat output, reinforced GFRC construction, and an enhanced control system for demanding outdoor environments.

Higher Flame

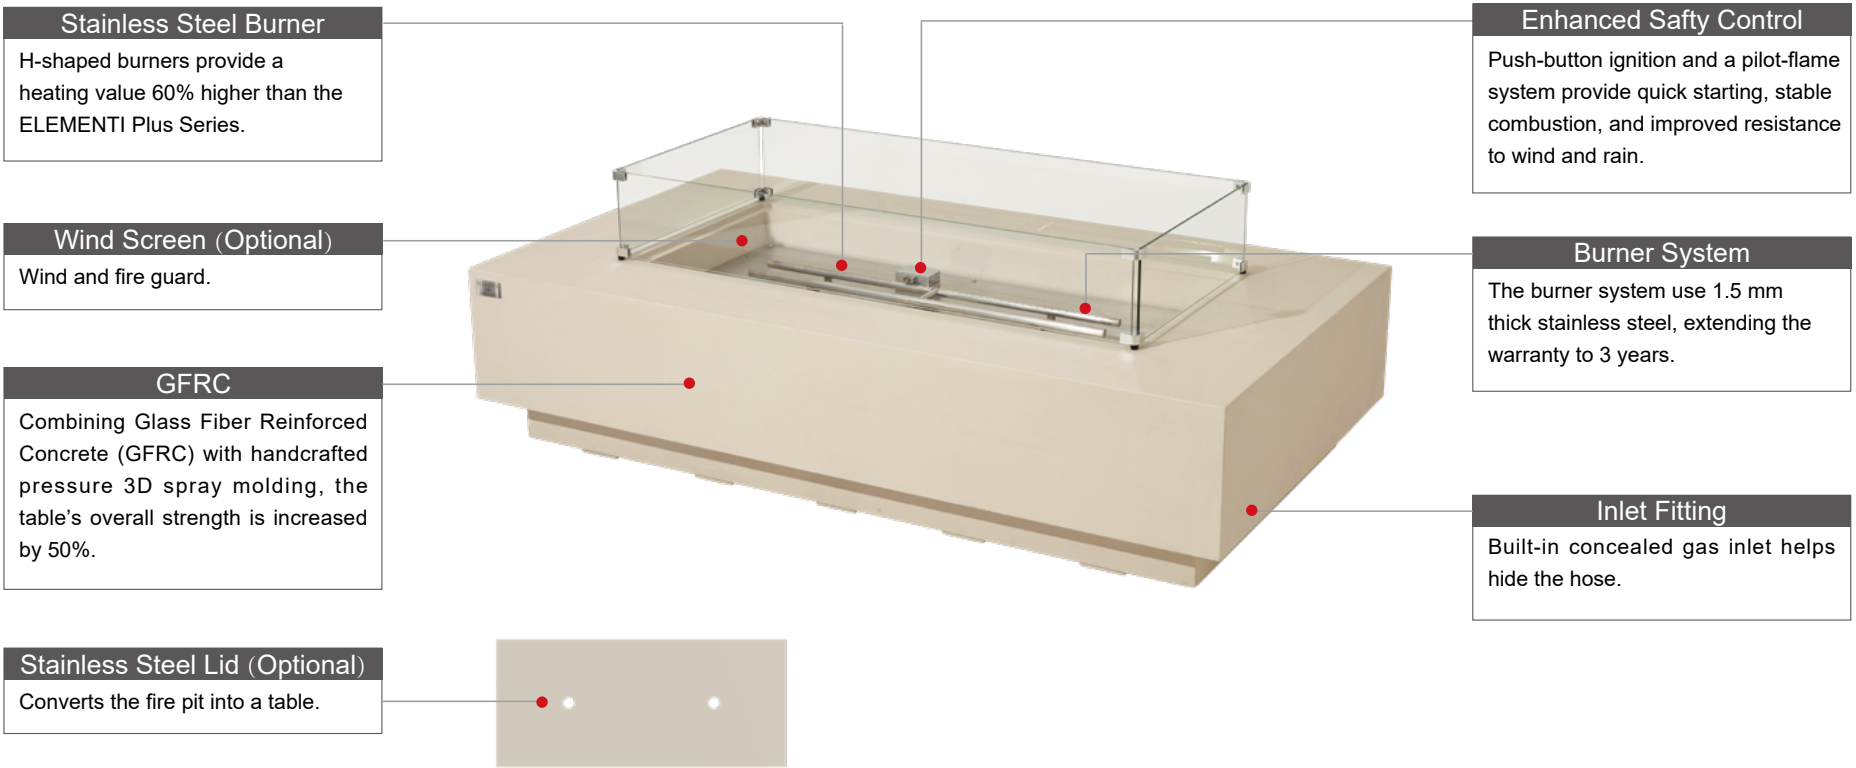

The Elementi Pro 100K Series features the burning system with an enlarged valve, delivers 60% higher heat output than the Elementi Plus Series than the ELEMENTI Plus Series and backed by a 3 years warranty.

More Durable Body

Using Glass Fiber Reinforced Concrete (GFRC) and a high-pressure 3D spray-molding process. The body increasing overall structural strength by 50%, achieves greater structural strength and durability.

Enhanced Safty Control

Push-button ignition and a pilot-flame system provide quick starting, stable combustion, and improved resistance to wind and rain.

ELEMENTI PRO

150K BTU

Built For Luxury Hospitality Projects

Designed for luxury residences and commercial hospitality environments, including villas, lounges, clubhouses, hotels, resorts, and other premium outdoor spaces. Larger flames, more durable body, safer control system.

Taller, Fuller Flame

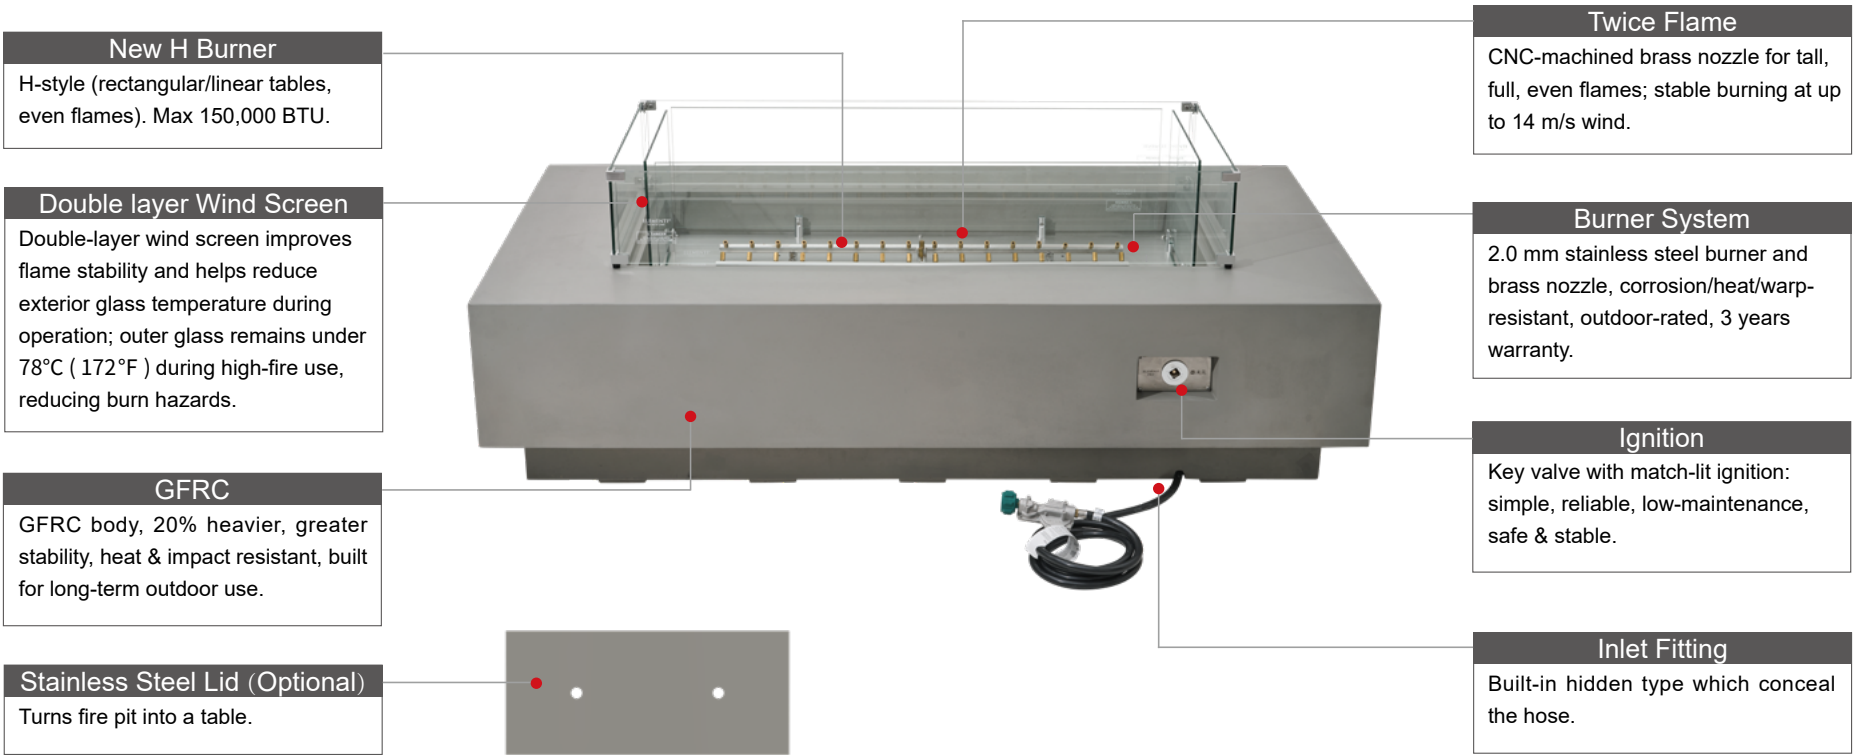

The Elementi Pro 150K Series features an upgraded high-output burner system with an enlarged valve, stainless-steel burner, and brass nozzles engineered for long-term outdoor use. The new burner design produces a taller, fuller flame while maintaining stable operation in winds up to 14 m/s. Backed by a 3 years warranty.

More Durable Body

Glass Fiber Reinforced Concrete (GFRC) with handcrafted pressure 3D spray molding, the table's overall strength is increased by 50%. GFRC body provides greater stability, impact resistance, and durability for long-term outdoor use.

Safer Control System

Key valve with match-lit ignition for easy and safe operation. CSA-certified core safety components, compliant with US gas product safety standards, delivering reliable and secure user experience.
