

YARO

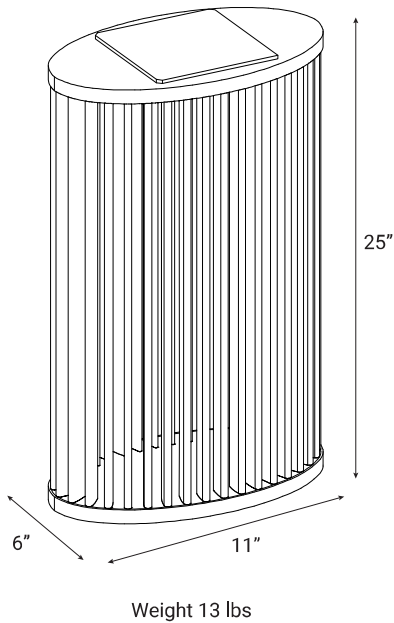

Sculptural and serene, the YARO solar lamp is a striking addition to any outdoor space. Standing 25 inches tall, its oval silhouette is crafted from rich Indonesian teak slats framed in gunmetal-finish aluminum—blending natural warmth with modern durability. Powered by the sun, YARO casts a soft, ambient glow through its vertical slats, creating tranquil patterns that enhance patios, poolsides, or gardens. Whether hosting guests or unwinding alone, YARO brings off-grid sophistication with effortless elegance.
